Numatic Wet & Dry Vacuum Cleaner 27L WV470-2

Brand: Numatic
Code: C5507

$960.15 +GST $1,104.17 incl. GST

Description

Numatic Wet & Dry Vacuum Cleaner 27L WV470-2

The WV-470 provides a larger alternative to the 370-380 series. It has twice the capacity but to the same high performance standard be it wet or dry.

What is very important is for professional use we do not mix both the functions of wet and dry operation otherwise the result can be a container full of almost mud which becomes difficult to empty and will be detrimental to performance. All machines are wet or dry and the change from one to the other is designed to be simplicity itself exchanging a dry filter for wet safety float valve and a change of floor nozzle, or vice versa.

Although twice the capacity we have added a folding handle design allowing easy movement when in use whilst also allowing compact storage.

The accessory kit provides tools for both wet and dry operation with stainless steel tube sets as standard.

Features

- Wet or dry – Professional results in either mode. Accessories provided for both wet and dry use.
- Compact with a small foot-print the 470 provides an impressive 20L Wet / 27L Dry capacity.
- The folding transit handle makes life easy when you need it and folds away when you don't.
- Large rear wheels and directional castors make transporting the 470 easy even when full.
