Description

ZERO Anchor-to-Go Temporary Sheet Metal Roof Anchor AZ-200 AAP000M

Simple and effective for roof access onto sheet metal roofs. Fits to end of roof sheeting (in gutter line) with simple cam clamps to hold in place. By attaching a ropeline and throwing the rope to the opposite side of the roof it means workers can access the roof area, and add other call arrest anchorages on the upper slopes as required.

Features

- Fall arrest rated for one person
- Does not require any fixings
- Only suitable for sheet metal roofing with a minimum of 0.42m thickness. Use only on roof roofing which is sound and well fixed.
- Essential anchor for a worker that needs to access rooftops such as plumbers, servicing technicians, installers, painters.
