Description

The Haydn® Multi Hole Vacuum Radial Sander Replacement Disks make sanding fast, easy and accurate. The durable anti-clog sanding disks wear evenly, reducing sanding time yet increasing control. The disks feature quick change hook and loop with a vacuum hole design to make sanding efficient and quick. Available in four different grits, they are compatible with the Haydn 225mm Radial Sander and 225mm Vacuum Radial Sander.

- 120 Grit (Medium): Smoother sanding, removing imperfections, use on plaster patching
- 150 Grit (Medium/Fine): Final sanding for plaster walls prior to painting
- 180 Grit (Fine): Use on gloss paints between coats and fine sanding work
- 220 Grit (Extra Fine): Smoother finish with skim coats or final plaster sanding

Features

- Quick change hook and loop system
- Durable anti-clog sanding disk wears evenly
- Vacuum hole design for faster, easier and accurate sanding
- 4 grits available
- 25 pack
- 225mm wide
- Use with Haydn 225mm Radial Sander and 225mm Vacuum Radial Sander
