### Description

#### Intex Useit Sanding Disc SuperPads (Pack of 25)

Ultra-high performance abrasives featuring advanced patented technology for flawless finishing results every time. Exclusive 'Snake-Track' porthole technology draws out dust at edges and over entire disc surface, eliminating build-up and clogging, providing ultra-long abrasive life. Patented cushioning system allows even dust extraction, reduces heat, and causes sanding head to float on the surface; absorbing unevenness, resisting swirl marks and gouging, and assists fatigue free working minimising applied pressure. Aluminium oxide grit and malleable paper covered in a unique abrasive coating ensures uniform wearing.
