Description

Maxi-Clean Moss/Mould Remover

- High quality industrial concentrate moss and mould remover – dilutes up to 1:30 for lighter infestations and is used at 1:10 for heavy infestations
- Removes Lichen, Moss, Mould, Algae from all exterior substrates
- Slow release – Maxi-Clean is the ideal product for the removal of moss and mould/lichen from any exterior surface
- Simply spray or brush on and leave nature to do the rest
- Every time the surface becomes wet, Maxi-Clean will continue to safely clean the area by targeting the mould
- Can be used as a cleaner prior to painting or as a maintenance cleaner
- Apply product to surface, allow time to work, and then wash off
- Available in 4L and 20L containers
