Description

Starstuk - Star-25 All Purpose Contact Adhesive Glue Canister

Star-25 Contact Adhesive is a non-flammable, industrial grade, spray contact adhesive. It is formulated to have a very high solid content resulting in extensive coverage and also features fast tack & excellent green strength. Star-25 is a high performance contact adhesive and may be used to form high strength bonds on a wide range of materials including decorative laminates, MDF substrates, plywood, particle board, veneer, cork, fibreglass, metals, concrete, carpets, some plastics and vinyl's, insulation materials and many more. Being water resistant also makes this high performance adhesive ideal for all production and one off applications.

Available in a 17.2 kg pressurised cannister
