Description

Sika Fast Dry Gap Filler

FastGaps 20 Minutes is a fast drying acrylic dispersion sealant for painting applications. The sealant is non-staining and can be painted or papered over approximately 20 minutes after application. FastGaps is suitable as an acoustic sealant, and has good adhesion on a wide range of surfaces.

- For gap filling in both exterior (painted) and interior situations
- Flexible
- Solvent-free
- Fast drying
- Very low emissions
- Waterbased
