Description

Almax Door Stacker Handles (Pair)

Door painting brackets for attaching to doors for painting or for storage.

Use these door stackers to efficiently spray paint and store doors for drying. Attach the handles to the top and bottom of each door, spray the door, turn over using the handles, spray the other side and stack them. Horizontal spraying provides higher film build, no runs in the paint and reduces back strain. Multiple door stacking promotes drying and is a great saving on floor space.
