Description

Festool TS75 210mm Plunge Cut Circular Saw in Systainer with 1400mm Rail

Large saw with depth

For a greater cutting depth up to 75 mm. Follows only one line. Accurate to the millimetre and without splinters. With the necessary force for each material – lightweight and easy to handle. And the motor with three bearings including MMC electronics for an exceptional service life. The TS 75 combines considerable power and a light weight in a compact device. Together with the guide rail, the TS 75 ensures flexible, fast and precise work.

- Spring-loaded spacer wedge for unhindered plunge cuts
- Tool-less play setting on the guide rail
- Quick-acting brake system for safe, convenient sawing
- FastFix: quick and easy saw blade changing and adapting to the working material
- Attachable splinterguard for high-quality working results
