### Description

#### UNIQUE 4000 LUMEN FLOODLIGHT WITH DUAL SYSTEM

NOVA 4K C+R is an all-around LED floodlight both rechargeable and with cable (DUAL SYSTEM) providing you high flexibility and endless application possibilities in every working environment.

Upgraded from 3000 lumen to 4000 lumen, NOVA 4K C+R delivers a high light output with a uniform and completely even illumination. Moreover, the built-in light dimmer function makes it possible to adjust the light into five different levels.

An intelligent display for battery capacity and remaining operating time is available on the backside.

Flexible LED floodlight with numerous applications

The innovative DUAL SYSTEM makes it possible to use the work light with 5 m rubber cable or without the cable, providing higher flexibility on the work site. It only takes a second to connect the power cable or disconnect when needed.

As NOVA 4K C+R is extremely sturdy and IP67, it endures any demanding working environment and can be used indoors and for outdoor work under all kinds of weather conditions. The CRI value is close to that of daylight, and the NOVA housing is made of a robust diecasted aluminum, resistant to strong strokes, shocks, and vibration.

NOVA 4K C+R also features an integrated carrying handle and a stand for direct mounting on the SCANGRIP TRIPOD.

Diffuse your SCANGRIP light

### Product Specification

The SCANGRIP DIFFUSER accessory gives you increased functionality and new possibilities to adapt your work light even further to the specific work task. The light diffuser spreads and softens the light while avoiding hard shadows. It is easy and safe to mount the cover on your SCANGRIP lamp.

The light diffuser enables you to illuminate an entire workspace and provides a pleasant and efficient light for carrying out any kind of repair, paint, or construction work.

Why you should choose NOVA 4K C+R

- Powerful LED floodlight providing up to 4000 lumen
- DUAL SYSTEM both rechargeable and with cable
- Display showing both battery capacity and the remaining operating time
- Light adjustable in five different levels
- Robust housing of diecasted aluminum
- Waterproof (IP67) for all kinds of weather conditions and working environments

The design of the NOVA 4K C+R is unique and covered by EU design patent RCD No 2954123.
