Description

NOVA R rechargeable LED floodlight with dimmer and up to 2000 lumen

The popular NOVA R provides extremely **high lumen output**, **improved battery** and **longer operating time**. NOVA R is remarkably slim and handy – a universal allround work light designed for the professional user.

Featuring the latest high-performance COB LED technology, NOVA R has been upgraded from 1500 lumen to **2000 lumen** providing even more light – for the same price. With an upgraded battery capacity, the operating time has doubled which enables you to use the lamp for up to 20 hours depending on the light output. The light dimmer function makes it possible to adjust the light into five different steps.

The lamp is easy to carry and is ergonomically designed for a good grip on the handle, which is also equipped with powerful integrated magnets for flexible mounting. Due to the flexible handle the NOVA R can be placed in different positions to obtain the desired lighting angle. The handle is designed for direct mounting on the TRIPOD or the SCAFFOLDING BRACKET.

As an extra feature, NOVA R has a built-in power bank with USB outlet to charge mobile devices.

The housing is made of sturdy die-casted aluminium and resistant to strokes, shocks and vibrations. The durable construction approves NOVA R to ROUGH SERVICE USE which makes it perfect for the demanding, rough working environment.
