## Description

### Key Features

- Clamping end moves with handle for easy adjustability from one side
- Locking handle grabs work surfaces for secure grip that won't budge
- 24 inch cutting capacity. Easily increase length with 50 inch extension
- Made of heavy-gauge, rigid aluminum for extreme durability
- Use with circular saws, routers, jig saws, and other portable power tools
- Part of entire NGX Clamp Edge System to cut and rip sheets and boards

### Product Description

It's never been easier to rip, cut, and break down material than with the all-new NGX Clamp Edge System. No more fumbling with adjustable clamp ends on opposite sides of the straight edge - the adjustable clamp is connected to the handle. Simply hook the Clamp Edge across your board, line it up with your cut, and clamp it down - all without moving your feet.
