

## BORA Speedhorse Saw Horse

**Brand:** Bora  
**Code:** C4190-1

**\$144.00 +GST \$165.60 incl. GST**

### Description

#### BORA Speedhorse Saw Horse

- Instant setup is 30x faster than conventional sawhorses. Both setup and teardown take mere seconds.
- Each individual unit can support 680kg: 90kg. more than the leading competitors.
- To tear down your worksite, just pull the levers on each end and fold the legs up; doesn't matter which order.
- More length means more stability. The pre-drilled metal top allows you to screw in a 2x4 as a sacrificial top, saving your equipment from damage.
- Winner of the 2019 Pro Tool Innovation Award in the Sawhorses & Tables category.

When you need to visit multiple worksites in a day, you need equipment that's fast and easy to set up, take down, and transfer from one location to another. Designed for flexibility in a wide variety of environments, BORA PM-4500 Speedhorse™ is built tough to withstand heavy projects ranging from construction and carpentry to furniture builds. And when the job is finished, simply pull the levers and fold the legs up; doesn't matter which order. This contractor-grade sawhorse will revolutionize your worksite to help you work more quickly and efficiently while continuing to produce professional results. Is your horse built for speed?
