Code: C1003

\$659.00 +GST \$757.85 incl. GST

Description

ToolPRO Site ToolBox 400 Litre

Are you looking for more lockable storage on site? Or do you carry a large amounts of tools in your ute that you need secured overnight? You can do both with this ToolPRO Site Box. Manufactured from thick gauge steel and electro-powder coated in gloss orange, this site box is resistant to impact, abrasion and corrosion damage. The box features raised feet for easy relocation with a pallet jack or forklift even when full of tools, folding steel tube handles for improved portability and recessed padlock pockets for added protection against boltcutters and angle grinders.

Features

- Gloss orange industrial powder coated finish for superior abrasion and corrosion resistance
- Integrated folding handles on both ends to improve portability
- Gas struts to keep lid open whilst in use
- Recessed lock pockets on the front of the unit increase security
