

Armorgard LoadAll 1000kg Panel/Board Trolley LA1000

Brand: Armorgard

Code: C4527-10

\$1,259.00 +GST \$1,447.85 incl. GST

Description

Armorgard LoadAll 1000kg Panel/Board Trolley LA1000

Dimensions: 730x1250x1410mm.

Meet the LoadAll range – these ingenious trolleys are a game-changer when it comes to moving plasterboard, wood, metal and other large-sheet materials around site. Robust, swivelling wheels make light work of manoeuvring a fully loaded trolley – even through doorways and round corners! LoadAll is available in a variety of sizes, plus our LA750-PRO model features a clamping system to secure loads when in transit, and a telescopic handle for enhanced safety. Our LA750 and LA1000 models can also be folded down and stacked when not in use, so what's not to like...?

Ticks the box for:

- Gib/Plasterboard Trolley
- Transport large sheets of wood or metal around work sites
- Easy handling of most materials with enhanced safety
- Unique, robust and easy to store
