Camp Sphinx Single Pulley 2152

Brand: Camp
Code: C5727

$51.35 +GST $59.05 incl. GST

Description

Camp Sphinx Single Pulley 2152

- Fixed side plates
- Self-lubricated brass bushings, efficiency 80%
- Super-compact, with aluminum alloy body and sheave and stainless steel axle
- Prusik-minding
- For ropes up to 13 mm

A super-compact, ultralight pulley with fixed side plates. The Sphinx is very easy to handle and convenient to carry on a harness while ski touring or mountaineering. The attachment hole is large enough to allow full rotation of a standard locking carabiner. Self-lubricated brass bushings are perfect for light applications at low speed. Unlike other pulleys with fixed side plates, the Sphinx allows for a prusik knot to be installed on one side (aramid cord suggested) making it an ideal pulley for rigging a haul system on route or managing crevasse rescues.
