Scaffolder Height Safety Kit **Premium**

Premium kit for a scaffolder working at height. Be comfortable, safe and stylish whilst carrying out your work.

The included double lanyard ensure you can always be anchored. Clip the snap hook to your harness and you have two scaff hooks to anchor yourself with. The scaff hooks ensure you can be anchored to standard scaffolding tube.

If you value comfort and quality then this kit is for you. The harness has ample padding with breathable mesh fabric to ensure optimal comfort. It also includes front fall arrest and rear fall arrest D-ring attachment points.

The new Pinnacle helmet is a step forward in helmet technology. It sports wide vents with mesh covers, slots for ear protectors, lamp holder clips and a quick wheel up/down size adjustment system. Choose from a range of colours.

What's included

- ZERO Z+32 Multi-Purpose Harness with Quick Connect Buckles
- ZERO ABM-2T5E Double Elasticated Lanyard
- ZERO Pinnacle Multi Impact Helmet
