Petzl ID L Self-braking Descender

Brand: Petzl
Code: C6236

$417.00 +GST $479.55 incl. GST

Description

Petzl ID L Self-braking Descender

- Designed for rescue: no gate
- Multi-function handle allows the user to:
  – unlock the rope and control the descent with the hand on the free end of the rope
  – move more easily on horizontal or inclined terrain, thanks to the button on the handle
  – position himself without having to tie off the device
- Anti-panic function activates if the user pulls too hard on the handle: it brakes and stops the descent automatically
- Anti-error catch to reduce the risk of an accident due to incorrect installation of the device on the rope
- Pivoting cam facilitates taking up the slack in the rope. Can also be used to make a reversible haul system, and for short ascents (in conjunction with a FOOTAPE or FOOTCORD foot loop and an ASCENSION handled rope clamp)
- Lowers heavy loads up to 272 kg (only for expert users; consult the Instructions for Use for the device at www.petzl.com)

Specifications

- Rope Compatibility: 11.5mm to 13mm
- Weight: 530g
- Colour: red
- Certifications: EN 341 classe A, CE EN 12841 type C, ANSI Z359.4, NFPA 1983 General Use, EAC
