Petzl Oxan High-strength Oval Carabiner

Brand: Petzl

Options

Code	Description	Price
C6267	TRIACT-LOCK Gold	$36.40
C6268	SCREW-LOCK Gold	$26.60

Description

Petzl Oxan High-strength Oval Carabiner

- High-strength steel carabiner for use in harsh environments, particularly suitable for setting up anchors or for connecting to metal structures
- Oval symmetrical shape allows optimal positioning of the carabiner
- May be used with a CAPTIV positioning bar to favor loading of the carabiner along the major axis, to keep it integrated with the device, and to limit the risk of it flipping
- Easier handling:
  – fluid interior design limits the risk of having a catch point and facilitates rotation of the carabiner
  – Keylock system to avoid any involuntary snagging of the carabiner
- H cross-section:
  – ensures an optimal strength/weight ratio
  – protects markings from abrasion
- Two locking systems available:
  – TRIACT-LOCK: automatic locking with triple-action gate opening
  – SCREW-LOCK: the manual screw-lock with red band provides a visual warning when the carabiner is unlocked
- Available in European or international versions
- Also available in black
