

Skylotec 1131 Ignite Trion Mid Range Three Point Harness

Brand: Skylotec
Code: C6436

\$465.00 +GST \$534.75 incl. GST

Description

Skylotec 1131 Ignite Trion Mid Range Three Point Harness

The Skylotec Ignite Trion harness is a new high-performance full body harness for industry and trade. It is uncomplicated and very easy to buckle on. The harness has extremely flexible adjustments of belt straps that are passed through the thin but effective hip padding. Due to its asymmetric shape the padding ensures that the buckle does not exert any pressure in the abdominal area. Ergonomic eyelets are perfectly folded in at the hip without interfering. They are unfolded for use and maintain their position after snapping if necessary throughout the day. The innovative click buckles made of stainless steel include new adjustment elements that eliminate undesirable loosening of the belt strap during movement and obviate the need for readjusting during work.

Features

- Asymmetric padding with integrated belt guide
- 4 buckles allow individual adjustments
- Retaining eyelets fit the hip ergonomically
- Dorsal attachment point, sternal attachment point and pole strap attachment point
- Size M/XXL (waist size 800 - 1300mm)
- Complies with EN 358:1999 and EN 361:2002
