Festool LHS 2 225 PLANEX 225mm Drywall Sander in Systainer

Brand: Festool
Code: C2120-1

$2,671.60 +GST $3,072.34 incl. GST

Description

Festool LHS 2 225 PLANEX 225mm Drywall Sander in Systainer

Festool's top of the line drywall/GIB sander.

The new generation PLANEX long-reach sander is revolutionising drywall construction – with LED light and eccentric movement. The all round LED light ring works like a built in grazing light and reveals any unevenness during sanding. The eccentric sanding motion produces outstanding surface quality – without any expensive reworking. The adjustable suction power, variable working length and clever T-handle ensure ergonomic work on walls and ceilings – making the tool easy to control, even during long periods of operation.

Features:

- Optimum illumination during sanding
- The all-round LED light ring reveals unevenness on the surface during sanding – eliminating the need for time-consuming reworking
- Eccentric sanding motion, For perfect surface quality with no grooves
- Adjustable suction power, The adjustable suction power against the wall and ceiling reduces the strain on the arms and back during all sanding work
- Variable working length, The working length can be quickly adapted to the working environment using a single lever – for full flexibility in tight spaces and with high ceilings.
- Hose clip keeps things tidy, With its 1.2 m length and T-handle, the PLANEX is the optimum size for almost any work situation. The hose clip provides simple attachment of the suction hose and cable on the handle – at a
