Graco FinishPro 2 395 Air-Assisted Airless Sprayer Unit

Brand: Graco
Code: C2364

$6,595.00 +GST $7,584.25 incl. GST

Description

Graco FinishPro 2 395 Air-Assisted Airless Spray Unit

With features that make a great sprayer even better, the FinishPro II 395 PC is Graco's premier solution to fine finishing. It delivers a high quality finish at a high production rate, and can handle the most challenging materials.

Includes the features and output to quickly deliver high-quality finishes.

- **SmartControl 1.0 with Digital Display**
  - Increased spray performance
  - Consistent spray fan without pressure fluctuations at all spraying pressures
  - Digital display accurately shows spraying pressure
- **SmartComp**
  - Compressor is activated by the gun trigger—if you're not spraying, it's not running!
  - Reduces jobsite noise, resulting in less fatigue
  - Automatic shut-off reduces moisture entering the system and extends compressor life
  - Pulling trigger delivers instant air to the gun with zero lag
  - Release the trigger and SmartComp shuts off the compressor after 5 seconds
  - Extends compressor life
- **Chromex Endurance Pump**
  - The most reliable pump on the market—lasts 2 times longer than the next leading brand
  - Long-life V-Max Blue packings, Chromex rod and hardened stainless steel cylinder

    - QuikAccess intake valve for fast cleaning or debris clearing
- **ProConnect**
    - Fast and easy on-the-job Pump Replacement System
    - 1-minute jobsite replacement in 3 simple steps
    - Pinless design eliminates the chance of losing parts during the change-out process
- **High-Output On-Board Air Compressor**
    - Ideal for on-site finish jobs
    - Delivers 3.2 ft³/min at 35 psi (0.1 m³/min at 2.4 bar)—enough air to break up the heaviest of materials
    - Exclusive Pressure Unloader results in quieter operation
    - Cooling coil reduces air temperature, extending the life of the critical components and providing safer operator handling
- **Precision-Cut RAC X FF LP SwitchTip**
    - Less overspray and increased pump life
    - Sprays at lower pressures with less overspray
    - Pre-orifice design produces a perfect airless finish
    - Finer atomization and soft edges for easier overlapping
    - Reduces prep and cleanup
    - Includes solvent seal for hot solvents
- **G40 Spray Gun**
    - An industrial quality air-assisted spray gun that delivers superior finishing results
    - Integrated air valve improves gun handling
    - RAC X guard included
    - Flat tip conversion kit included
- **Super-Flex Hose Set**
    - The flexibility to get into tight spaces—focus on the task, not the tool!
    - Extremely lightweight in hand, which reduces fatigue
    - Connects directly to the gun for maximum flexibility
    - Flex Wrap hose skin protects from paint build up and increases hose durability
- **Two Sprayers in One**
    - Select air-assisted or airless modes, depending on what's best for the application
    - Simple, color-coded labels easily identify airless and air-assisted airless modes with a single selector switch
- **Self-Contained & Portable**
    - One plug runs the entire unit, simplifying jobsite operation

Specifications

Max Tip Size	0.021"
Flow Rate	1.6 LPM
Max Pressure	3300 PSI
Motor	7/8 HP TEFC DC
