Graco FinishPro HVLP Sprayer 9.5 ProComp 17R081

Brand: Graco
Code: C6161

$4,795.00 +GST $5,514.25 incl. GST

Description

Graco FinishPro HVLP Sprayer 9.5 ProComp 17R081

The FinishPro HVLP 9.5 ProComp Series sprayer provides unmatched long-life with SmartStart, double the fluid capacity and an integrated compressor for the ultimate in power and performance to spray thicker materials on medium to large fine finish jobs.

Superior Productivity & Durability. Graco ProComp Series sprayers include unique features that deliver higher production and more control with an expanded range of coatings to maximize efficiencies and produce a superior spray finish on every job, every time.

- **Integrated Compressor**
  - Pressurize remote cup up to 25 psi
  - Allows spraying of thicker materials
  - Quick connect hose connections
- **2-Quart Remote Cup**
  - Fewer refills
  - Increase productivity and ease-of-use without cup mounted on the gun
  - Fine-tune pressure with pressure regulator and gauge
  - Includes belt hook and convenient shoulder strap
- **TurboForce Technology**
  - Exclusive, proprietary turbine design builds more pressure through each stage, resulting in more

performance at the gun
    - More air flow and air pressure means higher production with less thinning of material
    - Generates less heat and provides longer turbine life
- **SmartStart Turbine**
    - Automatically shuts off when not in use— if you're not spraying, it's not running
    - Reduces jobsite noise, resulting in less fatigue
    - Automatic shut-off reduces heat and extends turbine life
- **TurboControl System with LED Display**
    - Adjust the TurboForce turbine speed to match the performance you require
    - Reduces heat build up
    - Runs quieter
    - Extends turbine system life
    - 50% longer hoses
- **Industry Leading Dual Filtration System**
    - Automotive-grade filter has high performance filtration
    - Outperforms foam and traditional paper filters used on most HVLP systems
- **EDGE II Plus Gun**
    - Ultimate control with independent user controls for material volume, air flow, and spray fan size
    - 4X more productivity
    - FlexLiner Bag System
- **1-Quart FlexLiner Cup**
    - FlexLiner Paint Bag System replaces traditional material cups
    - Includes conversion kit use gun-mounted 1-quart FlexLiner cup
    - Spray at any angle with no adjustment – even upside down!
- **Super-Flex Air Hose**
    - 15% lighter weight than other leading brands for more control at the gun
    - 30 ft length included
    - No tools needed to connect
- **Stainless Steel “Tough Box” Design**
    - Rugged, all steel enclosure protects the turbine on the job and during transport
    - Utility toolbox for separate tool and needle and nozzle storage
    - On-Board Gun and Cup Holder stores gun when not in use
