Graco FinishPro HVLP Sprayers ProContractor Series

Brand:Graco

Options

Code	Description	Price
C1668	9.5 ProContractor	\$3,790.00
C1667	9.0 ProContractor	\$3,395.00
C1666	7.0 ProContractor	\$2,995.00

Description

Graco FinishPro HVLP Sprayers ProContractor Series

Spray in Any Direction

- FlexLiner Bag system replaces traditional material cups
- Spray at any angle with no adjustment, even upside down
- Easy cleanup, either reuse the liner or toss, and no suction tube to clean
- Spray nearly all the material from the cup reducing the need to refill often
- Lighter weight than metal cup systems

TurboForce Technology

- Exclusive, proprietary turbine design builds more pressure through each stage, resulting in more performance at the gun
- More air flow and air pressure means higher production with less thinning of material
- Generates less heat and provides longer turbine life

Super-Flex Air Hose

- 15% lighter weight than other leading brands for more control at the gun
- No tools needed to connect

TRADE & HIRE

Steel “Tough Box” Design

- Rugged, all steel enclosure protects the turbine on the job and during transport
- 50% smaller size and 30% lighter than the previous version
- PROCONTRACTOR SERIES includes Standard features (above) plus

SmartStart Turbine

- Automatically shuts off when not in use so if you're not spraying, it's not running
- Reduces job-site noise, resulting in less fatigue
- Automatic shut-off reduces heat and extends turbine life

TurboControl System with LED Display

- Adjust the TurboForce turbine speed to match the performance you require
- Reduces heat build up
- Runs quieter
- Extends turbine system life
- 50% longer hoses

EDGE II Plus Gun

- Ultimate control with independent user controls for material volume, air flow, and spray fan size
- Exclusive Graco air cap design increases the fluid flow in every need by 4X
- Change out needles from the front of the gun with just a click
- 75% lighter trigger pull than the competition with EasyGlide

Dual Filtration System

- Premium automotive-grade filter provides industry-leading, high performance filtration
- Outperforms foam and traditional paper filters used on most HVLP systems
