

Intex AG700 Giraffe Sander + Starmix uClean Vacuum Combo

Code: C2792K

\$1,749.00 NZD +GST

Intex AG700 Giraffe Sander + Starmix uClean Vacuum Combo

The Intex Giraffe Sander was designed to make interior and exterior sanding and cleaning simply faster, easier, cleaner and perfect.

With the long giraffe neck you can reach ceilings up to 3m high without ladders or scaffolding.

The unique two-position sanding head makes ceiling sanding easier and creates a finer finish.

The Starmix uClean Dust Extractor has been specially developed for vacuuming paint and plaster dust away directly from Giraffe Drywall Sanders and other paint and plaster sanding machines. These machines are perfectly suited for continual, daily use in the tough, professional conditions on the building site by the trade or in industrial applications.
