## Description

Marquip Compressor 16 2kW with Filter/Reg and QD Coupler

Marquip compressors have been the gold-standard in quality industrial compressors for many years. Assembled right here in New Zealand.

"DC" Dual Control version which features:

- Automatic STOP/START pressure switch (PS) control and automatic free-running air governor (AG) control
- Depending on compressor use and duty the best method of operating can be chosen to suit the job
- Heavy duty cast iron pump has cast iron cylinders, air cooled by a large fan-type flywheel. German made pressure switch, Italian check valves, Vibration resistant liquid filled gauges
- Efficient air intake filters reduce noise and low revving speed extends pump life
