Description

Master Industrial Direct Fired Portable Diesel Heater 20kW

Master mobile heaters can heat any room or area quickly and efficiently. They are ideal for use as a temporary or permanent heating solution. Direct heaters are highly efficient devices that provide large volumes of instant heat where it is required. They are best for open or well ventilated areas like factories, warehouses or construction sites. Master direct heaters are known as very efficient and robust as well as safe and easy in use.

- High air displacement
- Possible connection to an optional room thermostat
- Two fuel filters: fuel tank filter and suction filter
- Thermally protected motor
- Electronic flame control with photocell
- Stainless steel combustion chamber
- Fuel tank with level indicator
- Easy to move
- Easy maintenance
- Strong and long lasting construction

Made in Italy – great reliability. Remember: Ventilation of the room is necessary to prevent a deficiency in oxygen supply.
