Description

Numatic Economy ProSave Vacuum Cleaner 15L PSP370A

The Economy ProSave has the high performance Twinflo two-stage vacuum motor turbine linked to the AutoSave energy conservation system. This allows the machine to operate automatically at the 600W Eco setting or at the 1200W high performance setting as required.

These vacuums incorporate a unique cable tidy and plugged mains cable system which extends cable life, increases convenience and allows for simple cable replacements. The power-head design includes a new NST sound reduction system which provides for substantially lower noise levels. The ProSave range use the HepaFlo high efficiency bags which enhances performance and provides quick, convenient and clean emptying when full.

Features

- Multiple power modes (low 600w or high 1200w)
- Innovative cable tidy system
- NST sound reduction system
- AutoSave energy conservation system
