Description

Numatic George 3 in 1 Wet & Dry Vacuum Cleaner 15L GVE370-2

George is the true “all in one” machine that is totally at home be it in the wet or the dry. This classic “all in one” is genuinely the family friend, dry vacuuming, wet vacuuming, scrubbing and drying hard floors, deep cleaning the carpet, cleaning the upholstery, unblocking the sink, you name it, George is your man.

The combination of our highly efficient Twinflo’ bypass vacuum motor and our powerflo’ pump system provides you with professional cleaning standards, anytime, anywhere, ensuring exceptional results.

The George design is in itself based entirely on our Cleantec professional range of machines; designed to work extensively and for long hours and functioning to a professional standard.

When it comes to dry vacuuming you have big filters, use of Hepaflo dust bags, and you have a superb combination floor nozzle. In the wet mode, a simple exchange of the dry filter for the safety float valve allows any number of wet tasks to be achieved.
