

Starmix uClean NSG Drywall Vacuum Plastic 32L ANSG1432

Brand: Starmix
Code: C2147

\$799.00 +GST \$918.85 incl. GST

Description

Starmix uClean NSG Drywall Vacuum Plastic 32L ANSG1432

A Replacement for the renown Intex Starmix HSA1432EH Drywall Vacuum.

The New Starmix NSG uClean Dust Extractor is a totally new vacuum that is replacing the renown HS series which served the drywall industry for more than 10 years.

This vacuum was developed specifically for the drywall industry with the new dust down blowing function and convenient hose storage they are the perfect vacuum for the serious Drywaller working with the wall sanders or any other paint/plaster dust sanding machine.

The new 1400 watt motor with special high speed turbines is more powerful yet compact – increasing airflow to 69 litres per second with 259 millibar vacuum pressure yet more compact giving extra 20 percent extra gross dust/water capacity.

With the new canvas rimmed pre-filter the whistle of the HS is a thing of the past and the larger wheels all but eliminates tipping.

For those that have enjoyed the renown HS or GS series of the Starmix range you will find the new NSG a perfect upgrade. For those that have missed out don't worry the Starmix NSG range will make up for lost time.

HEPA filters are available for use in hazardous dust applications. e.g. lead-based paint removal and silica dust.

Upgrades from HSA1432EH

- Hose storage – simple wrap and lock for easy transport
- Dust down function – 215km/h blowing with hose port on reverse
- Canvas rimmed pre-filter to eliminate whistling
- Volume flow increase – from 61 litres/second to 69 litres/second
- Vacuum pressure increase – from 248mbar to 259mbar
- 1400 watt motor (up from 1200 watt)
- 35 litre canister (up from 30 litre)
- Stepless speed control (from 2 stage speed control)

Other Features / Benefits

- Main Filter – 7200cm² polyester coated (dust retention capacity 99.9%)
- Pre-filter – 4000cm² polyester – extend life of main filter
- Both filters can be washed with water to extend life
- Bag-free use in non-hazardous applications
- Designed for wet & dry use
- Power tool socket with automatic stop/start
- Electronic after-running feature to clean out hose
- Overflow protection when vacuuming water
- Storage space for all standard accessories
- Soft start motor with 800+ hours run time
- 30 Month Warranty

Specifications

Power	1400W
Max air flow	69 l/s
Max Vacuum	259 mbar
Canister Capacity - Gross	35L
Canister Capacity - Dust	30L
Canister Capacity - Water	23L
Dimensions	L: 43cm x W: 39cm x H: 64cm
Weight	9.6kg
Sound Pressure	72.0 db(A)
Power Cable Length	8.0m
