Description

Gib Cove Bond 45

GIB-Cove® Bond is a plaster based adhesive for bonding GIB-Cove® to GIB®Plasterboard surfaces.

It may also be used for laminating GIB® Plasterboard, reinforcing GIB® Plasterboard joints by back-blocking and for direct bonding of GIB® Plasterboard to masonry and concrete walls.

Features:

- Smooth and lump-free consistency over full working time
- Easily mixed by hand
- Excellent tack and initial bonding properties
- Available in 5kg or 20kg bags
