Description

GIB Trade Finish Multi 15L

GIB Trade Finish® Multi is a new premium mid-weight compound and is suitable for use on all three coats.

It's sanding and scratch resistance characteristics are balanced between the easy to sand GIB Trade Finish® Lite and the more scratch resistant GIB Trade Finish® Heavy Weight. This ready-mixed air-drying compound can be used straight from the pail and has been formulated for use with machine tools or hand application.

Applications:

- Suitable for taping and finishing joints
- Not suitable for holes and gaps greater than 4mm wide or 1mm deep
- Suitable for application by trowel or with mechanical finishing boxes
- Can be hand or machine sanded

Features:

- Super slick to trowel
- Low shrinkage
- Easy to achieve a smooth finish
- Yellow tint to easily distinguish from basecoat compounds
- Available in a 10L (14kg) Pail and a 15L (21kg) Pail
