Brand: Festool

Code: C1377-3

\$1,770.00 +GST \$2,035.50 incl. GST

Description

Festool TID/TPC 18v 2-Piece Impact Driver plus 4-Speed Hammer Drill Driver Set in Systainer

Pure power for every application combined with incredible robustness and endurance. With the TPC 18/4 cordless percussion drill and the TID 18 cordless impact screwdriver, you are equipped for every drilling and screwdriving application. The TPC 18/4 boasts the best switching concept you have ever operated. The axial impact feature is easily switched on for work with masonry. Up to 75Nm of power drives screws and drills large diameters easily, while electronic kickback stop minimises wrist injury if the tool suddenly jams. The large number of attachments, combined with perfectly matched accessories, make the QUADRIE an unmatched percussion drill for a wide range of possible uses.

Meanwhile, the TID 18 is a compact powerhouse that offers an impressive service life thanks to its extremely robust hammer mechanism. Moreover, the turning screw will take the full force of the TID 18 with its 1/4" tool holder – with no strain at all on your wrist: This is thanks to the tangential hammer mechanism with no strength-sapping back torque. The two tools impress with their brushless and maintenance-free EC-TEC motors which, combined with the battery pack, ensure maximum endurance. The cordless drill and battery pack are completely covered with the Festool SERVICE, giving you peace of mind for your day-to-day work.

Main Applications

- **TID 18:**
 - Screwdriving work that protects your wrist, with no back torque
 - Driving screws into wood up to 8 x 220 mm
 - Furniture assembly and kitchen fitting
