### Description

Festool KSC 60 KAPEX 18V Cordless 216mm Slide Compound Mitre Saw Basic

#### **Mobility, versatility and best results - perfectly combined.**

The new KAPEX KSC 60 dispenses with everything not needed for the job – such as every unnecessary gram of weight.

With impressive features such as ergonomically positioned carrying handles, transport safety device and an extremely compact design thanks to flush-mounted guide rods, this device makes no compromises in terms of precision and versatility – with a mitre angle on both sides of up to 60 degrees and an inclination angle on both sides of up to 46 or 47 degrees.

The Festool twin-column guide with two bearings ensures that the saw blade is guided reliably and smoothly. A range of other clever details such as the LED spotlight, the pull-out extension table, the additional groove function and the bevel help to make the KAPEX KSC 60 a perfect combination of mobility, versatility and optimum results.

- Compact and lightweight, with ergonomic handles.
- LED spotlight to show cutting lines precisely (included in the set or available as an accessory)
- Bevel for producing interior and exterior angles
- Inclination angle of up to 47°/46° on each side and mitre angle of up to 60° on each side
