Description

Festool TS55F Plunge Cut Track/Rail Saw

The Festool TS 55F has set the standard for plunge-cut saws. A host of refinements afford unique benefits for your daily work. Main applications include precise plunge cuts up to 55mm, cutting interior doors to length using guide rail assistance, manufacturing expansion joints in parquet flooring, cutting chipboard to size, cutting and processing plasterboard.

- FastFix: quick and easy saw blade changing and adaptation to the working material
- Spring-loaded rining knife for unhindered plunge cuts
- Attachable splinter guard for high-quality results
- Quick acting brake system for safe, convenient sawing
- Tool-less play setting on the guide rail

Unit includes HW W48 fine tooth blade, FS1400 guiderail, splinterguard and Systainer.
