Festool OF 2200 Router EB Set Version

Brand: Festool
Code: C6690

$2,892.40 +GST $3,326.26 incl. GST

Description

Festool OF2200 Router EB Set Version

Festool's OF 2200 router offers the most powerful low-end torque, highest routing precision, and top ergonomic comfort. Producing a massive 2200 watts of power, even routing in the thickest, hardest materials is performed to perfection. The double column clamping system guarantees accurate routing height, and all important controls are within easy reach to allow both hands to remain on the machine during use. When used with the side stop or guide rail, the offset guide rods ensure easier routing in difficult materials or for long periods. With a Festool Dust Extractor, up to 99% of all chips are extracted during edge routing. The router is covered by Festool's comprehensive 3-year warranty.
