RUPES Electric Orbital Delta Palm Sander with Built-in Dust Bag

Brand: Rupes
Code: C3883

$381.74 +GST $439.00 incl. GST

Description

RUPES Electric Orbital Delta Palm Sander with Built-in Dust Bag

- Delta velcro pad
- 2mm Orbit
- Suitable for difficult access areas
- 200W
- 1.15Kg
- Built-in vacuum/dust bag

The light alloy delta base plate has been specifically designed for sanding in difficult to access areas. The lightweight, compact design can be operated with only one hand.

This model also features the new extremely powerful cold motor which guarantees up to 30% higher performance compared to previous models. The new motor provides high torque values together with high solidity fans for forced cooling at very high pressure, forcing compacted air directly into the motor body. The level of torque is almost unstoppable, even when working under a heavy load.

The baseplate and lower housing are made from aluminium and form a solid, unchangeable double frame that guarantees rigidity, reliability and durability over the long term.

Supplied with a built-in dust extraction bag or can be connected to an external RUPES dust extraction system.
