Description

King Klamp (Universal) Temporary Edge Protection System

King Klamps simple clamp to any exposed edge to provide a sturdy vertical post to which standard horizontal rails can be attached.

The Universal King Klamp can be clamped both vertically (in an exposed edge situation) and horizontally (in a parapet situation) to provide the necessary vertical up-stand.

These can be used in a variety of situations from large commercial construction projects through to smaller residential builds, offering a fast, safe and easy to install system.
