Description

3m Valved Masks 8812 (10 pack)

Conforms to EN 149:2001 FFP1

Protection against fine respirable dusts with 3M Cool Flow valve for wearer comfort.

Assigned Protection Factor = 4

The 3M 8812 respirator provides lightweight, effective, comfortable and hygienic respiratory protection against dusts.

The convex shape, twin strap design, foam nose seal and steel nose clip ensure a good face seal over a range of face sizes.

The unique valve and collapse resistant shell offer durable, comfortable protection particularly in hot and humid conditions.

The 3M 8812 is exempt from costly time consuming maintenance requirements.

The 3M 8812 is quite literally "maintenance-free".
