Description

Apex Viko Industrial Safety Helmet APX02

A collation of the best design features for an industrial quality helmet for general site safety. Quality construction ensures the APX-02 is built to last and has provision for all the standard accessory types that are needed on the job.

This helmet meets the requirement to protect wearer's heads from a falling object to the crown only. The next model up (the APX-05) is also tested and certified to the more common industry standard for energy absorption to the top, front, side and rear of the helmet.

Features

- Size adjustment system and up and down adjustment system for perfect fit
- 10 air intakes, vents mesh covered to prevent debris entry Inner lining
- Fully detachable and washable Lamp carrying system
- External Nylon 6.6 Head lamp holder clips 6 point internal harness
- Two slots for mounting ear defenders
- Impact tested to crown: 49 joules
- Chinstrap releases over 15N with accordance with EN 397.
