Description

Blundstone Style 9063 Rotoflex Safety Boots

The successor to the popular Blundstone 984.

The RotoFlex #9063 reimagines premium comfort and protection. Utilising the GripTek® Extra Heavy Duty rubber outsole and SoftCell® comfort system, these design principles are all wrapped up in an uber cool stone nubuck.

- Stone water-resistant nubuck leather upper safety boot—150mm height
- Seven rows of lacing hardware, including lace locking device
- Laces are manufactured from recycled PET
- Durable, heavy duty zip with industrial grade zip fastener
- Lining made from recycled PET offers moisture wicking and long lasting performance
- Heavy Duty TPU moulded toe guard designed for superior leather protection
- GripTek® XHD Sole biomechanically engineered rubber (PUR) outsole designed for optimum grip and stability
 - Heat resistant to 300°C
 - Fuel oil resistant
 - Excellent cut and slip resistance
- Aircell® Footbed All new tech for all day comfort. Our exclusive zoned airflow footbed is built to ventilate, control moisture and cushion when you move.
- Fortashield Toe Cap Compression-resistant, composite safety. This toe cap holds strong under immense pressure,

keeping its shape without restricting toe movement.

- Softcell® Comfort System Unbeatable fit. Unrivalled comfort. An all-encompassing design—perfect from day one.
- Infinergy® This E-TPU material is a super elastic energy foam from BASF which is soft but resilient—providing enhanced cushioning and reducing the impact of every step taken.
