Description

Bison Jacket Stamina ECO TTMC

- Stay dry for 12hrs in our Bison Stamina ECO Jackets with a high 25,000mm waterproof rating
- Your ECO option - made from Recycled Polyester, this is a great option for organisations focused on eco friendly and sustainable choices
- Redeveloped shoulder and seam design means a better range of motion in the arms
- Completely seam sealed to keep the water out
- Hard wearing rip stop fabric for extra durability and resistance to snags and tears while working
- Ultra-Flect segmented tape allows for enhanced breathability, flexibility, and freedom of movement
- Redeveloped hood with quick set adjusters for a faster and easier hood set up
- Fold away/removable hood with peak for better protection, flexible structure allows for personalised shape
