Description

We tested the Southern Cross on skid sites, building sites and work sites (we said bugger off to websites) around the country. It's a practical no-nonsense jacket, built to work in - definitely not for skiing, though we reckon it may look good on the slopes. Yeah, nah.

With the legendary Swazi hood and fit for purpose cut, the Southern Cross allows you to keep on keeping on in downpours, cyclones and the odd hurricane.

The Southern Cross Jacket will give you years of faithful service and tons of comfort no matter how tough or hard the job.

Made in Vietnam.
