Description

Easy Access MM210 Mini Mobile Scaffold Tower

Easy Access Aluminium Mini Mobile Scaffold Tower Base Unit

Perfect for indoor and tight access areas. This unit fits through a standard doorway.

Very quick to erect with one person. No separate ladders required as the frame is a ladder for climbing up the tower internally.

Choose between standard castors (MM210) or adjustable castors (MM210A). We recommend adjustable castors for outdoor use to be able to adjust for uneven terrain to keep the tower level.
