Graco JetRoller - the speed of spraying with the quality of rolling

The ultimate Power Roller! Consists of a spray roller, spray extension and a hand roller on one complete kit.

Fits existing airless sprayers and combines rolling and spraying into one action, saving time and money on back rolling. Eliminates dipping the roller in paint and is up to two times faster than standard rolling.

Ideal for rough and porous surfaces, the JetRoller minimises overspray, delivers a high quality finish, and you can use roller sleeves of your choice.

Two kits available as follows:

### **24U170 JetRoller (Without gun)**

Consists of:

- 230mm Roller Handle
- 300mm Roller Handle Extension
- 500mm Heavy Duty Extension
- Cleanshot Shut off Valve
- RAC X 721 Tip and Guard

### **24U172 Jet Roller (With In-Line Gun)**
