C2277-2	UltraMax	\$489.00

Description

Graco Replacement Pump Kit for Ultra and UltraMax Handheld

The Triax triple piston pump gives you the most reliable performance in the industry and full tip support. It is built from durable stainless steel and carbide components and bonded with a high strength polymer for the most durable, lightest weight pump. Innovative drop-in on-the-job Triax Pump Replacement with ProConnect lets you replace your modular pump right on the job.

Note: Please choose your machine variant (Ultra or UltraMax from the options).
