Code: C1408-1

\$222.95 +GST \$256.39 incl. GST

Description

Makita Efficut Circular Saw Blade Metal 305mm x 63T E-12061

The Makita® 305mm 63T EFFICUT Metal Saw Blade is the ideal accessory for Makita Cordless Metal or General Purpose Saws (sold separately). EFFICUT accessories are engineered to deliver optimal run times and performance. Get up to 80% more cuts per charge compared to standard blades. The EFFICUT Saw Blade has an ultra-thin kerf design that provides smoother cuts with less drag on the motor and minimal material loss. Featuring special ATAFR (Alternate Top Alternate Face w/Raker) carbide tips, the saw blade can provide smoother and faster cuts. The blade is expertly tensioned for precision and true cutting. It is ideal for cutting pipe, angle iron, channel and more. More cuts per charge compared to standard blades. Faster cutting compared to standard blades. High grade Tungsten carbide tips for durability.

Specifications
