Festool Connector Assortment Systainer For Domino DF 500

Brand: Festool
Code: C6541

$854.40 +GST $982.56 incl. GST

Description

Festool Connector Assortment Systainer For Domino DF 500

For use with the DOMINO DF 500 Joining Machine. The Domino connection Systainer provides all parts of the Domino 500 connector system including all the D8 connectors, the associated drill template, the hinge location cutter and the cover caps. DOMINO connector fasteners allow you to smoothly assemble and disassemble furniture panels and more with minimal time and effort. The connectors' large tightening distance and long bolts make furniture assembly significantly easier. Cupboard assembly is therefore no problem, and you can do it easily on your own. The flush-screwed fixture elements protect each furniture component from being scratched. Routing and cutting tolerances of up to 1.4 mm are compensated for without problems by the fixture. The new detachable DOMINO basic structure connectors and furniture connectors are perfectly suited for a panel thickness of 18 mm to 28 mm.

Specifications
