

Festool FS-HZ 160 Guide Rail Clamp

Code: C3414

\$115.10 +GST \$132.37 incl. GST

Description

Festool FS-HZ 160 Guide Rail Clamp

Clamp for securing the guide rail in place. It is inserted in the lower groove.

The form of the clamp is matched to the guide rail groove and the profile of the MFT and the PRECISIO.

Because of the latch, the clamps can not come loose even under light vibration.

Clamping capacity 160mm.
