### Description

Starmix Fleece Filter Vacuum Bags (Packet 5)

The NEW Starmix® Fleece Filter Bag – Longer Lasting & Increase Performance

For vacuuming household and industrial dust, sawdust, brick, concrete, drilling and milling dust, quartz sand and other similar substances.

- One size bag fits both round and square canister machines – Less stock holding required
- Maintains strength when working with wet material – Less likely to rip and spill contents
- Increased air flow/permeability – Higher air flow for greater dust extraction
- Twin layer with dual cross weave – 4x Stronger than paper bags equals longer working

### Specifications:

- 5 x Double layer fleece dust bag
- Suitable for all 30-35 litre models of Starmix
- Replaces: 413099, 416014
